

# Installment Payment Plan

Split the total amount owed for an invoice in multiple installments over a specified period, rather than in a lump sum.

## EASY SETUP

Extended on top of the standard Dynamics 365 Business Central with little to no training required.

## PAYMENTS

- Define the number of payment terms
- Set different percentages for each of the payment amounts
- Feature can be used in both A/R and A/P invoices
- No change to your aging reports as the installment payments are reflected in the ledgers

### Sales & Purchase

Use both in Sales and Purchase scenarios

### Flexible Payments

Flexible payment amounts per installment

### No Changes to Reports

No changes to how you run your aging reports

### Easy Setup

Built on top of existing payment terms functionality
